

PART 8 – A LETTER TO THE WORLD

Dear World,

This is Tazz Anderson. I don't know if anyone will ever hear this.

Hello, Mum and Dad. Hello, Ed.

I don't know if I will get back to Earth. My spacecraft hit a lot of space rocks. Now some things aren't working. I'm trying to stop it from spinning and steer it back to Earth.

Whatever happens, I have really enjoyed my training and my trip to the moon.

Give my dog, Puzzle, a hug and look after her. I am thinking about her and the places where we walked.

I'm ready for what might happen next.

I am going to put my space suit on and try to steer the spacecraft back to Earth.
